## Judging Guidelines

Welcome Reflections Judge!

We thank you for supporting the arts and cultural exploration of our students by serving as a volunteer judge for the PTA Reflections program! As an expert in your arts area, your enthusiasm contributes to the vibrancy and creativity of our school community.

Before you begin your review, please familiarize yourself with the following judging criteria, Reflections theme, program rules and helpful tips.

All PTA Reflections program entries are judged on three criteria:

1. **Interpretation of Theme (20 pts.)**
2. **Creativity (10 pts.)**
3. **Technique (10 pts.)**

Notice how “Interpretation of Theme” is weighted? This is what makes the National PTA Reflections Arts Program unique. A well-developed concept is more important than technique. **If two entries are tied, the entry with the higher score for interpretation of theme receives more recognition.** Use the judging rubric on the next page to help you guide your review.

Entries should be judged primarily on how well the student uses his or her artistic vision to portray the theme: **“What Is Your Story?”**

The following entry information will be provided to you during your review:

- **Title of Artwork** and student’s **Artist Statement**: This may provide insight on the student’s artistic style/genre and materials used when exploring the arts category. Look for personal meaning and reflection on the theme that contribute to the student’s *Interpretation of Theme*.
- **Grade Division**: The student’s division may provide insight on student’s range of technical skill, ability and competences displayed in their submission.
- **Additional Artwork Details**: If noted, artwork details will offer information related to cited material, submission size/length, etc.

Please record your points for each entry on the provided score card. To flag questionable entries, contact your PTA Reflections Chair immediately. When your review is complete, please submit your scores to the PTA Reflections Chair.
