Dear Representative _____

I would like to thank you for your service to ensure that each person in our community is valued and respected regardless of life status or ability to speak. I represent myself, and as a PTSA member, many children and adults who cannot.

The decisions made this session will have intended and unintended impact on individuals and families lives. I trust you as a public servant to consider this as you listen to and evaluate the work in front of you. Imagine individual lives made better because you carefully consider the business laid out before you for the safety, health and welfare of the communities you represent, including children.

I look forward to your seeing you advocate for the needs of children and families that help make our community strong.

Sincerely,

Dear Representative _____
